- 3** Ensure the operations and organization of the chapter serve the needs of members through continuous reassessment.

- 4** Maintain the financial capacity to offer benefits to members and fund outreach programs.

CREW Network Partnership

CREW San Antonio's support of CREW Network positions our chapter as a leader within the CREW Network organization. Our financial contribution supports technology upgrades and enhancements to provide members with new ways to connect and network globally and supports the development and expansion of critical network-wide member services offered by CREW Network. Additionally, our Chapter continues to support CREW Foundation which is the only organization dedicating its resources solely towards transforming the commercial real estate industry by advancing women globally.

Special thanks to the members and sponsors of CREW San Antonio who are critical to our chapter's success and enable us to continue this support, which along with support of other chapters, is allowing us to reach more CRE professionals and provide a bigger impact on the CRE industry.
