

Erica Godun, AIA, LEED AP BD+C, WELL AP, is Ware Malcomb's Director, Sustainability with 30 years of AE industry experience. In this role, she is responsible for developing and supporting the firm's sustainability-focused service offerings and being a resource for clients and team members on the application of project-appropriate green initiatives.

She is active in several industry organizations including AIA, NAIOP, where she is co-chair of the Programs Committee and CREW NJ, where she is currently President on their Board of Directors. She is a registered architect in the states of New York and New Jersey, a LEED and WELL Accredited Professional and a Fitwel Ambassador, dedicated to advancing the knowledge and practice of wellness and sustainable design in the built environment. She has worked on numerous sustainable projects and participated at both the national and local levels of the US Green Building Council (USGBC.)

Erica received bachelor's degrees in architecture and fine arts from the Rhode Island School of Design.
