CAREER OUTREACH

Transforming the commercial real estate industry by advancing women globally.

The commercial real estate industry provides one of the greatest, yet often overlooked, career opportunities for women. From brokerage to law, finance, development, architecture and more, women are excelling in exciting and lucrative careers. Our network provides the connections, resources, and opportunities for women to become more successful in their careers, access to business opportunities and career growth. We are committed to bringing more women into commercial real estate by offering career outreach programs, scholarships and resources.

CREW CAREERS

Since 2005, CREW Careers® has introduced thousands of high school girls to the many career opportunities available to them in the commercial real estate industry. Hosted by CREW Network chapters, this hands-on event is a one-day or multi-session program using local real estate developments, projects or sites to showcase the many career options available within commercial real estate.

CREW Fort Worth is excited to partner with the **Young Women's Leadership Academy (YWLA)**. At YWLA, girls in grades 6 through 12 engage in a challenging STEAM-focused curriculum that emphasizes Science, Technology, Engineering, Arts, and Math. Through a series of mentoring events, we will introduce high school students to careers available in the commercial real estate industry. At panel presentations focused on junior classes, CREW Fort Worth members from different aspects of the real estate industry will explain what they do and how they work together. As part of a long-term goal, CREW Fort Worth would develop a competitive program for girls as part of CREW Network's CREW Careers Program. We are excited to host members of the YWLA senior class at our monthly luncheons. Please be on the lookout for these incredible young women.

UCREW

Since 2007 UCREW® has been introducing college students to the many diverse opportunities in commercial real estate. CREW Network chapters host interactive sessions in the fall and/or spring and utilize their members as role models to teach students networking fundamentals, offer powerful career resources, and provide relationship-building opportunities in career development.

In 2022, **CREW Fort Worth** announced our UCREW partnership with the University of Texas at Arlington. CREW Fort Worth hosts UTA students at our monthly luncheons, provides career resources and partners with their Downtown Fort Worth Campus for joint chapter/student meetings.

THANK YOU

To our valued 2025 partners,

On behalf of CREW Fort Worth, thank you for your generous partnership in 2025. Your support has been instrumental in furthering our mission of advancing the achievements of women in commercial real estate.

Throughout this year, your partnership supported CREW Fort Worth's mission by providing access to diverse programming and networking, as well as educational and leadership development for our members.

In addition to our impactful programs, your partnership dollars have had a substantial impact on our members through funding local scholarships awarded to attend CREW Network events on a national and global stage. These opportunities allowed them to gain critical insights, build powerful connections, and further their professional and personal development.

Thank you for your continued support!

We sincerely hope that you will consider continuing to support CREW Fort Worth and our mission to advance women in commercial real estate. If you have any questions, please don't hesitate to contact us at partnership@crewfw.org.
