CREW LOS ANGELES MENTORSHIP PROGRAM

ESTABLISHED 2023

CREW SHIP
MENTORSHIP | LOS ANGELES

The CREWship program supports industry professionals by fostering meaningful connections and advancing professional development. Mentor-Mentee relationships promote growth through shared experience, insight and guidance.

The program is uniquely tailored for established professionals with 5+ years of industry experience who are ready to refine their leadership, expand their perspective, and accelerate the next phase of their careers.

CREWship

Mentorship Roles

MENTEES

Mentees are established professionals seeking strategic guidance from seasoned industry leaders as they navigate the next phase of their careers. Through mentorship, mentees gain perspective, share challenges, and receive thoughtful feedback on leadership development, career direction, and opportunities for advancement or transition within the commercial real estate industry and CREW. This relationship is designed to support long-term growth, broaden perspective, and sharpen professional impact.

MENTORS

Mentors are experienced industry veterans who serve as trusted advisors, offering insight drawn from their professional journeys. Serving as a mentor provides an opportunity to refine leadership and coaching skills, contribute to the development of future leaders, and share expertise in a meaningful, high-impact way. Mentorship is a rewarding experience that strengthens professional legacy, deepens engagement within CREW, and fosters lasting connections.

CREWship

Pairings

PAIRING + PAIRING REQUESTS

Following the close of applications, a curated Bio Deck featuring confirmed CREWship participants will be shared for review. Participants will have the opportunity to indicate their preferences for mentor–mentee pairings based on experience, background, and professional interests.

PAIRING MATCHING + PAIRING ASSIGNMENTS

The CREWship Committee will thoughtfully review all applications and pairing requests to create intentional, high-quality matches. While every effort will be made to accommodate participant preferences, final pairings will be determined by the Committee to ensure alignment, balance, and a meaningful experience for all participants.

CREWship

Perks

ALL CREWship PARTICIPANTS

- Access to CREW Network's Mentoring Modules Guide.
- Participants will also receive monthly communications with a guided syllabus and curated content to support discussions and growth within the pairings.
- Special discounted rates to key CREW Los Angeles professional development-based events

MENTORS

- Mentors are not required to be active CREW Los Angeles members.
- Mentor Participation in the 2026 CREWship Program grants non-members access to CREW Los Angeles events at member rates for the 2026 year.

CREWship

Awards

YOU PUT IN THE WORK, YOU DESERVE THE RECOGNITION

At the end of the program, Mentor and Mentees will get the opportunity to **nominate and celebrate** their partners.

The **award** for **Best Mentor** and **Best Mentee** of 2026 will be recognized at the CREW Los Angeles Holiday Event in December.

CREWship 2026

CREWship is free to all active CREW-Los Angeles members.

The program will run 6 months
May – October.

Mentor | Mentee pairings are expected to meet 6-8 times over the duration of the program.
